SNAPZI™ RULES

For all you **SLAPZI**™ fans out there, we've come up with a whole new way to make your original **SLAPZI** game even more fun and challenging. **SNAPZI** includes 60 "snapshot cards." Each snapshot card includes 18 different images (nine per side) snapped from the regular **SLAPZI** picture cards.

Remember, you'll need to get out your regular **SLAPZI** cards in order to play this new add-on game.

HOW TO PLAY SNAPZI

Object:

Be the first player to get rid of all five of your **SNAPZI** snapshot cards.

Basic Gameplay:

There are three different ways to play the basic game. In each of these versions players are first dealt five **SNAPZI** snapshot cards. (Players may look at both sides.)

Option 1:

Place a SLAPZI clue card in the center

Let's say the clue card reads, "Can fit five in your pocket." Players quickly look at their snapshot cards and try to find an image of something that applies to the clue card (such as Marbles, Push Pins, etc.) First player to slap his/her snapshot card on top of the clue card gets to discard his/her snapshot card. Once a match is made, a new clue card is placed in the center. First player to get rid of all five of his/her snapshot cards wins.

Option 2:

Place a SLAPZI picture card in the center

Let's say the picture card of the Fire Truck is placed in the center. Players quickly look at their snapshot cards and try to find an image of the Fire Truck. First player to slap his/her snapshot card on top of the picture card gets to discard his/her snapshot card. Once a match is made, a new picture card is placed in the center. First player to get rid of all five of his/her snapshot cards wins.

Option 3:

Place a SNAPZI snapshot card in the center

Players quickly look at their snapshot cards and try to find an image that pairs with any of the 9 images on the snapshot card in the center. First player to slap his/her snapshot card on top of the center card gets to discard his/her snapshot card. Once a match is made, a new snapshot card is placed in the center. First player to get rid of all five of his/her snapshot cards wins.

SNAPZI™ VARIATIONS

Two Clue Cards

Same as the basic gameplay, except two **SLAPZI** clue cards are placed in the center, and players try to match their snapshot cards with either of the clue cards. (As soon as a clue card is matched, a new clue card is placed in the center.) First player to get rid of all five of his/her snapshot cards wins.

Two Picture Cards

Same as the basic gameplay, except two **SLAPZI** picture cards are placed in the center and players try to match their snapshot cards with either of the picture cards. (As soon as a picture card is matched, a new picture card is placed in the center.) First player to get rid of all five of his/her snapshot cards wins.

Two Snapshot Cards

Same as the basic gameplay, except two snapshot cards are placed in the center and players try to find an image on their snapshot cards that pairs up with an image on either of the snapshot cards in the center. (As soon as a snapshot card is matched, a new snapshot card is placed in the center.) First player to get rid of all five of his/her snapshot cards wins.

Combo

Same as the basic gameplay, except one picture card and one clue card are placed in the center and players try to find an image on their snapshot cards that pairs up with either of the cards in the center. (As soon as a card is matched, a new card is placed in the center.) First player to get rid of all five of his/her snapshot cards wins.

Free For All

This one gets a bit crazy. First, twenty snapshot cards are placed in the center of the table. Then one **SLAPZI** picture card is flipped over. ALL the players then quickly search through the snapshot cards (front and back) to find matches for the picture card. Once they find a match, they get to keep that snapshot card. When there are no more matches, then a new picture card is flipped over. Players keep playing until there are no more snapshot cards in the center. The player who collects the most snapshot cards wins.

If you come up with your own fun ways to play, we'd love to hear about them. Just send us an email: Kevin@ilovetenzi.com
